Ref.: Ralph Janvey U. S. Receiver for Stanford Financial Group

I am writing to you on behalf of more than 1000 Stanford victims, who have not only suffered by Allen Stanford's scheme, but are being victimized by the receiver and professionals who are working for him.

As court appointed receiver, Mr. Janvey has billed millions of dollars in fees in which Baker Botts, Gilardi and other law firms have received monetary compensation and still have not provided any financial nor professional benefits to the Stanford victims.

If victims decide to sell their claims to Distressed Asset Funds, they have to go through the slow process in which it is very hard to receive a prompt response on behalf of Gilardi and Baker Botts, and pay an additional fee of USD\$1,000.00 to transfer the claim to its new owner.

Baker Botts has spent millions of dollars in persecuting employees and companies, with the excuse to charging the estate millions of dollars in fees.

Mr. David Arlington, Mr. Brendan Day and Ms. Maddy Dwertman have made the claims process very difficult to achieve, by making out lies and excuses about claims in order to reject any request of transfer. Mr. Arlington, Mr. Day and Ms. Dwertman give continues excuses on having a queue of claim-transfers, making the process long and tedious and disregarding that Stanford investors have been paying an excess to their salary.

All my clients and I are seeking help from your court, we need to have this claims sold promptly, like any other case similar to Stanford, transferring claims shouldn't take more than one week.
